MAGISTRATES.

First District—No Nomination.
Second District—John M. Morris.
Third District—W. L. Parker.
Fourth District—Walton Garrett.
Fifth District—J. P. Dixon.
Sixth District—M. B. King.
Seventh District—R. Frank Pool.
Eighth District—Andy Eates.

CONSTABLES.

Second District—W. H. West; Third District,
Milton Wright; Fourth District, M. D. Boone;
Fifth District, A. E. Joiner; Eighth District,
H. H. Knight.

THE COUNTY CAMPAIGN.

With the election only ten days off, it is now conceded on all hands that the result, so far as the county ticket is concerned, is in great doubt.

Democrats are confident of success for their anti-ring ticket, and some very prominent Republicans openly admit that a "split ticket" will be the outcome. Both parties have taken poles of the county and the ring ticket is thoroughly scared and the Democrats greatly encouraged. The Republican majority is not nearly so large as it has been claimed. Under normal conditions there are about 4,000 Republicans in the county, but at least 25 per cent. of them are opposed to hereditary ring rule in the county and the returns from some strong Republican districts are going to be eye-openers to the ringsters. Party lines seem to be practically wiped out. Indeed, at least one of the ring candidates whose defeat seems surest, is hanging on by his eye-brows and hoping against hope that his Democratic friends will save him.

For the first time in years "money is talking" for the Democratic ticket. By this time next week the betting will be in favor of the Democratic ticket. The entire Democratic ticket will win, unless Democrats stay away from the polls. One thing is certain—the Republicans are going to do their part in defeating ring rule.

All over the county the Democrats are well organized and inspired with hope. They say they are going to vote and see that their neighbors vote. If they do this, it is all over but the shouting.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
F. J. CHENEY & CO., Toledo, Ohio.
Sold by druggists, 75c.
Take Hall's Family Pills for constipation.

The Kidneys

When they are weak, torpid, or stagnant, the whole system suffers. Don't neglect them at this time, but heed the warning of the aching back, the bloated face, the sallow complexion, the urinary disorder, and begin treatment at once with

Hood's Sarsaparilla

which contains the best and safest curative substances.

For testimonials of remarkable cures send for Book on Kidneys, No. 8.
C. I. Hood Co., Lowell, Mass.

LOCAL POINTERS.

Somebody remark that yesterday was show—er day.

Probably the tobacco growers have more to be thankful for in this section than almost anybody else.

Nov. 24th will be the fifth anniversary of the biggest rise in Little River ever known.

The new bank will use three rooms in the Phoenix building. The floors of rooms two and three will be brought to a level with the corner room.

The electric railway franchise was sold on the 19th day of September. The purchaser yet has nearly sixty days to begin work.

And now Pembroke wants a tobacco warehouse. What the people of that enterprising little city want they generally get.

The popularity of the Turban hat was clearly proven to the writer one day this week. Eleven ladies out of fourteen, passing a given point, and wearing new hats, had selected the Turban.

We are not yet prepared to give out what that biggest thing that ever struck the town will be. We are still hoping. If it doesn't materialize soon we will tell what it ought to be.

Nobody complained of dust yesterday. The circus people would have rejoiced to see it, as they had nothing but mud and rain the day before at Clarksville.

The first of the Tabernacle entertainments will be given November 10th. Manager McPherson says the people are subscribing liberally, but to give the attractions in view he will have to sell more tickets than last season.

Ringling Brothers' circus surely is the favorite in Hopkinsville. As an evidence when the children were let out of the public schools Tuesday they were told that they need not return until Thursday morning.

The cashier of one of our local banks says the Stuyvesant Fish was in town last week and there wasn't water enough in the river to hold him. If he had been here Nov. 24th five years ago, he would have had plenty of water to swim in.

The best evidence of the prosperity of a town is the refusal of property owners to dispose of their real estate in the business portion of the town. The Elks would have preferred to locate their permanent home on Main street, but the purchase of a building on Main street, at this time, is almost an impossibility.

The production of "The Fortune Teller" at the opera house Tuesday night was entirely satisfactory and very pleasing and entertaining to the large and appreciative audience that witnessed it. The large crowd present, considering it was such a bad night, is evidence that our people appreciate Manager Ennis' efforts to secure first-class attractions.

Last Hope Vanished.

When leading physicians said that W. M. Smithart, of Pekin, Ia., had incurable consumption, his last hope vanished; but Dr. King's New Discovery for Consumption, Coughs, and Colds, kept him out of his grave. He says: "This great specific completely cured me, and saved my life. Since then, I have used it for over 10 years, and consider it a marvelous throat and lung cure." Strictly scientific cure for Coughs, Sore throats or Colds; sure preventive of Pneumonia. Guaranteed, 50c and \$1.00 bottles at R. C. Hardwick's drug store. Trial bottle free.

Universalist Church.

Preaching Sunday at 11 a. m., subject, "Universal and Personal Peace;" and at 7 p. m., subject, "The Meaning of Milton's Paradise lost." The Young People's Society will meet Friday at 7 p. m.

Louisville is going to have a new freight depot.

SECOND DISTRICT'S CONGRESSMAN.

In introducing Congressman Stanley before the tobacco growers' meeting at Owensboro, Hon. W. T. Ellis concluded with the statement that "Mr. Stanley is the Second District's present congressman, its next congressman and its congressman for lifetime, if he chooses." The sentiments expressed by Mr. Ellis reflect fully the views of the Gleaner. About a year ago the Gleaner published an editorial along the lines that the people of the Second district had always made a mistake in changing their representatives in congress so frequently. For quite a long time after the writer had knowledge of politics of this district the people were largely of the opinion that two terms were sufficient for their congressman, and that it was due that they should favor some other gentleman with the honor. The opinion has been steadily growing, however, that while it might be a nice thing to hand the position around to favorite and no doubt worthy sons, the best interests of the people were not being conserved by such a policy—that the people owed a duty to themselves to be as well represented in Congress possible and the best way to secure such a result is to keep their congressman there so long as he manifests the desire and the ability to do his duty and to grow in that position. The people owe nothing to anybody as a favor, but they owe it to themselves to do what is best for themselves and they have about concluded that the best thing they can do for themselves is to lengthen the tenure of the service of their representative in congress.

The writer confesses that at the outset of Mr. Stanley's career at Henderson, he had serious doubt as to the ultimate outcome. But Mr. Stanley has developed more than any man in this end of Kentucky during the past few years. This development has been along lines that are to be commended and admired. His ability must be admitted by all. His honesty and integrity as a public servant cannot be questioned. He is yet young in his manhood's prime, with the broad expanse of a great future before him. So far in his career he has more than justified the expectations of his warmest friends and has thoroughly satisfied those who have reposed a position of great trust in his hands.

All that Stanley has to do is to sit steady in the saddle, be true to the people as he has been, continue to expand and broaden as he has during the past few years, and the people of the Second district will have use for him for many years to come.

A good many voters are liable to lose their votes by not taking care of their registration certificates. There are more than 2,000 of these certificates held by voters and it would be very unusual if some of them did not misplace the valuable receipts. Better put it in some safe place at your place of business. You will have to take it with you when you go to vote and if you do not produce it you cannot vote. A voter who has lost his certificates and is willing to go before the county clerk and swear that he has lost it, can, by paying 50 cents, get a duplicate. If he knows where it is and swears he has lost it he will have to perjure himself to get a duplicate. In the last election, the Republicans had workers at the registration polls to gather up certificates and "take care of them," in some places, but this year the work, if it is being done at all, is not being so openly prosecuted. It may be that the voters have learned how to take care of their own certificates.

The Presidential party was in Mobile Tuesday, in Montgomery yesterday and will be in New Orleans today. Everywhere the highest honor is being shown President Roosevelt.

El Haag Pacha, an envoy of King Menelik, of Abyssinia, arrived in New York this week, on his way to see President Roosevelt. In an interview he stated that he left behind him 3,000 slaves and 1,000 wives.

A sanitarium for the treatment of consumption is to be established on the outskirts of Louisville. It will cost \$50,000.

HALL'S VEGETABLE SICILIAN Hair Renewer
Is it true you want to look old? Then keep your gray hair. If not, then use Hall's Hair Renewer, and have all the dark, rich color of early life restored to your hair.

Some of Our Advantages As
Set Forth in "Locations
For Industries."

Mr. J. C. Clair, Industrial Commissioner of the Illinois Central Railroad, is circulating a book issued by his road on "Localities for Industries," which is a write-up of the various cities along the lines of the I. C. Hopkinsville comes in for a full page in the book, which has 220 pages and is gotten up in fine style. The advantages of Hopkinsville are set forth as follows:

Hopkinsville, Kentucky.
Population—10,000.
County Debt—\$150,000.
City Debt—\$60,000.
Assessed Valuation of Property—\$9,000,000.
Tax Rate—City, \$1.25; county and State, \$1.00.
Railroad Lines—Illinois Central, L. & N. and Tennessee Central.
Distance From Nearest Large City—Seventy-one miles from Nashville, Tenn.
Number of Banks—Five.
Capital Invested in Banking—Over \$1,000,000.
Number of Hotels—Three large hotels and a number of boarding houses.
Educational Establishments—Three colleges, four public schools.
Water Works—One.
Gas or Electricity—Both.
Street Cars—No.
Churches—Fifteen; all denominations.
Raw Materials—Cereals, tobacco and timber.
Industries Desired—Wood, clay, straw, shoe and creamery factories.
Cost of Fuel for Manufacturing—Coal, 5½ cents per bushel.
Cost of Labor—75 cents to \$1.50 per day.
What Nationality Predominates—American.
Can the Surrounding Country be Drawn on for Help—Yes.
Manufacturing Enterprises Now in Town—One wagon factory, two plug and smoking tobacco factories, two ice factories, three large flouring mills, two planing mills, two brick plants, two broom factories, two carriage shops and one canning factory.
Description—Hopkinsville is the county seat of Christian county, in the heart of the finest farming land in the State. The largest tobacco county in the State, wheat, rye, fine stock, etc. The best paved and macadam streets of any city of the fourth class. The Western Lunatic Asylum is located two miles East of the city.
The advertising thus given Hopkinsville is sure to prove beneficial and our people should appreciate what the I. C. Company is doing for us, at its own expense.
A copy of this valuable book will be sent to any one who desires to possess it upon application to Mr. J. C. Clair, Industrial Agent I. C. R. Co., Chicago, Ill.

Killed by a Freight Train.

Paducah, Ky., Oct. 24.—While asleep on a trestle on the Illinois Central railroad, near the river, at the end of Jefferson street, John Allen was run down and his body ground to pieces by two freight trains.

Special Service.

There will be a special service at Lester Memorial Presbyterian church, near Elmo, on Sunday morning next. Dr. W. L. Nourse will preach on a subject of interest to every one in the community.

A JUDGE'S WIFE

CURED OF
PELVIC CATARRH

She Suffered For Years and
Doctors Failed to Give Relief
—Cured by Pe-ru-na.

MRS. MINNIE E. McALLISTER.

Light on Female Diseases.

What used to be called female diseases by the medical profession is now called pelvic catarrh. It has been found by experience that catarrhal diseases of the pelvic organs are the cause of most cases of female diseases.

Dr. Hartman was among the first of America's greatest physicians to make this discovery. For forty years he has been treating diseases peculiar to women and long ago he reached the conclusion that a woman entirely free from catarrhal affection of these organs would not be subject to female diseases. He, therefore, began using Peruna for these cases and found it so admirably adapted to their permanent cure that Peruna has now become the most famous remedy for female diseases ever known. Everywhere the women are using it and praising it. Peruna is not a palliative simply; it cures by removing the cause of female diseases.

Peruna builds up the nerves and restores the appetite and digestion.

Dr. Hartman has probably cured more women of female ailments than any other living physician. He makes these cures simply by using and recommending Peruna.

MRS. MINNIE E. McALLISTER, wife of Judge McAllister of Minneapolis, Minn., and Chaplain Loyal Mystic Legion of America, writes:

"I suffered for years with pain in the small of my back and right side. It interfered often with my domestic and social duties and I never supposed that I would be cured, as the doctor's medicine did not seem to help me any."

"Fortunately a member of our Order advised me to try Peruna and gave it such high praise that I decided to try it. Although I started in with little faith, I felt so much better in a week that I felt encouraged."

"I took it faithfully for seven weeks and am happy indeed to be able to say that I am entirely cured. Words fail to express my gratitude. Perfect health once more is the best thing I could wish for, and thanks to Peruna I enjoy that now."—Minnie E. McAllister.

Mrs. Esther M. Miller, DeGraff, Ohio, writes:

"I was a terrible sufferer from female weakness and had the headache continuously. I was not able to do my housework for myself and husband. I wrote you and described my condition as near as possible. You recommended Peruna. I took four bottles and was completely cured. I think Peruna a wonderful medicine."—Mrs. Esther M. Miller.

Congressman Thad. M. Macon, of Chambersburg, Pa., writes:

"I take pleasure in commending your Peruna as a substantial tonic and a good catarrh remedy."—T. M. Macon.

Pe-ru-na Contains No Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotics of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results. It is permanent in its effect.

As a tonic and nerve invigorator Peruna has no equal.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh. There are a multitude of homes where Peruna has been used off and on for twenty years. Such a thing could not be possible if Peruna contained any drugs of a narcotic nature.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio. All correspondence held strictly confidential.
